People and Projects in Development

2003/2004 Edition

The Directory of southern African Development Organisations

THE CSIR

The CSIR is the largest research and development (R&D) organisation in Africa, which focuses on promotion of competitiveness, job creation, enhancing quality of life and developing human resources.

It is the CSIR's mission to contribute to the creation of a new energy, a new vision, and renewed hope for the continent of Africa by forging together the power of human spirit and the ingenuity of the human mind. For the people of Africa, this means having a technology partner linking them to the best technology the world has to offer.

For further information, please contact: Berenice Lue Marais

Head: CSIR Africa Business

Development

PO Box 395, Pretoria, 0001

policy, planning and monitoring actions to services and products for governments, supporting donors and private sector companies, linkages with donor organizations, capacity building and technology transfer and a number of SADCand NEPAD-related activities.

With its 3000-strong team and distributed partnerships, the CSIR combines local and global research and technology expertise with business excellence to generate world-class innovation. The result? Cutting edge advances resulting in international competitiveness in biotechnology, ICT and technologies addressing environment, infrastructure, mining, manufacturing, and defence needs.

CSIR NATURE OF ACTIVITIES

- Research, development and implementation services
- Global science and technology links and perspectives
- Specialised technical and information consulting services
- Venture establishment
- Technology transfer and technology
- Prototyping and pilot-scale manufacturing
- Software development and product
- Policy and strategic decision support

RECENT KEY CSIR PROJECTS IN AFRICA

The CSIR is playing a key role in Africa by utilizing a three-pronged approach through its network of alliances; international development financing, and CSIR regional projects aimed at meeting identified needs through specific competences. Some key

- Providing jobs for Africa from sustainable
 World Bank (WB) food processing enterprises
- Developing safe waste disposal practices in Malawi
- Environmental impact assessment for
- The joint research on low-volume roads in
- Making an impact in Africa through
- The establishment of the African Centre for Gene Technologies
- Erosion and waterfront development
- The CSIR participation in the European Union food technology projects for Africa
- The Botswana's first National Communications Report on Climate Change
- IT studies in tourism
- SADC food sector studies
- Waste Management Ngorongoro Crafter

NETWORKING, TRAINING, DEVELOPMENT AND CAPACITY BUILDING

The CSIR has organized, presented and participated in a number of workshops for Africa, and has also been contracted to coThe industrial Development Corporation of South Africa and the CSIR have established a cooperation framework in areas of mutual interest, more specifically in the field of technical assistance applied to the development of projects in line with national, regional and the NEPAD priorities.

An agreement between the CSIR and the Development Bank of Southern Africa facilitates cooperation between the two organizations in the field of technical assistance applied to the development of projects in the southern Africa

The CSIR manages the Africa Regional Focal Point (RFP) of WAITRO (World Association of Industrial and Technological Research Organisation), an independent, international non-government network of 200 corporate research and technology organizations. The Africa RFP has 45 member organizations, representing 22 countries. Members are typically autonomous organizations with a brief to support industry, SMMEs and government with applied research and technology solutions. This initiative strengthens the Science and Technology base in Africa and is supported by the Departments of Arts and Culture and Science and Technology.

The CSIR has strong networks and alliances in Africa. These include:

- University Eduardo Mdlane, Mozambique
- Scientific and Industrial Research and Development Centre (SIRDC), Zimbabwe
- Botswana Technology Centre
- Tanzanian Industrial Research and Development Organisation
- Department of Trade and Industry
- Industrial Development Corporation
- Development Bank of Southern Africa
- PriceWaterhouseCoopers (PWC)

The CSIR works closely with international development agencies, such as:

- European Union (EU)
- Danish Development Assistance (Danida)
- Swedish International Development Cooperation Agency (SIDA)
- Norwegian Agency for Development Cooperation (NORAD) United States Agency for International
- Development (USAID)
- German Technical Cooperation (GTZ)
- Japan International Cooperation Agency
- United Nations Industrial Development Organisation (UNIDQ
- United Nations Educational, Scientific and Cultural Organisation (UNESCO)

Department of International Development (DFID)
